SREEDEEP SREEKANTH

Senior Analytics Manager

@ srdp.sk@gmail.com +49 157 83445448 in sreedeep-sreekanth srdpsrknth

Senior Analytics professional with 4+ years of experience leading data initiatives and driving business insights in high-growth startup environments. Expert in SQL, Python, and data visualization, with a proven track record in A/B testing, attribution modeling, and demand forecasting. Skilled in translating complex data into actionable strategies and fostering data-driven decision-making for various stakeholders.

PROFESSIONAL EXPERIENCE

NeoTaste GmbH

Marketing Business Analyst — 2025 01 – present — Berlin, Germany

- Led end-to-end marketing and growth analytics for a subscription-based mobile app across 51 cities, driving key business insights.
- Designed and implemented a demand forecasting model using Python, Snowflake, and dbt to enable scenario-based budget planning.
- Unified attribution, performance, and CRM metrics through standardized Power BI dashboards, enhancing leadership reporting.
- Built and maintained scalable fact and intermediate tables, combining performance marketing, CRM, and product event data.
- Partnered with Marketing, Product, and Operations stakeholders to translate complex business questions into actionable insights.

Selected Projects:

Marketing Demand Forecasting Model & Scenario Dashboard

- Designed and implemented a city-level demand forecasting model to estimate new users and subscriptions based on marketing spend.
- Built scalable data models in Snowflake and dbt, integrating historical performance data with forecast assumptions.
- Developed a Python-based interface to simulate budget allocation scenarios, assessing impact on growth metrics for 51 cities.

Technologies: Snowflake SQL, dbt, Python, Power BI, Adjust, Braze, GA4

ecoligo GmbH

Business Intelligence Analyst — 2023 07 – 2025 01 — Berlin, Germany

- Developed a custom Markov chain marketing attribution model, integrating diverse platforms to optimize resource allocation.
- Created investor segmentation personas using K-means Clustering, improving churn analysis and targeted advertising strategies.
- Designed and maintained Investment Performance, Performance Marketing, and Product Analytics Dashboards using Looker.
- Set up and designed the data warehouse in BigQuery, modeling user behavioral and investment data with dbt for scalability.

Selected Projects:

Conversational LLM Chatbot for Dynamic Database Querying

- Developed an internal conversational analytics tool using OpenAI's GPT API to dynamically generate SQL queries against BigQuery.
- Enabled business stakeholders to query customer and investment data without SQL knowledge, improving access to insights.
- Optimized prompt design and API usage to significantly reduce token consumption and operational costs for data access.

Technologies: BigQuery SQL, dbt, Y42, Python, Looker, Snowplow, PostHog, GTM, HubSpot

heycar (Mobility Trader GmbH)

Data Analyst 2021 12 – 2023 05 Berlin, Germany

- Executed cross-functional projects in Marketing, Product, and Sales analytics, including A/B testing and search algorithm optimization.
- Developed a custom multi-touch lead attribution model using Python and SQL to optimize marketing mix and spend across channels.
- Analyzed online user behavior, retention, customer journeys, and multi-channel attribution to inform strategic decisions.
- Created and maintained daily/weekly KPI dashboards on Looker, identifying key drivers and trends for senior management.

Selected Projects:

Performance Marketing Channel Attribution

- Developed a custom multi-touch attribution approach to redistribute untracked sessions and leads across paid marketing channels.
- Combined session-level data and recent channel interaction shares to assign attribution using a U-shaped logic.
- Automated ETL pipelines using Matillion to ensure consistent and scalable attribution reporting for marketing teams.

Technologies: PostgresSQL, Python, dbt, Looker, Matillion

ORMIT (Traineeship)

Marketing Analyst 2020 12 – 2021 11 Utrecht, The Netherlands

Unilever

Project Coordinator - Front of House 2019 03 – 2019 08 Rotterdam, The Netherlands

EDUCATION

MScBA Master in Management

Rotterdam School of Management, Erasmus University 2017 – 2018 Rotterdam, The Netherlands

Dual Degree (B.Tech + M.Tech) Metallurgy & Materials Engineering

Indian Institute of Technology - Madras 2010 – 2015 Chennai, India

Certifications:

IBM Certified Data Analyst Professional | Google Analytics Individual Qualification | Google Ads Certification

SKILLS

Analytics & Business Intelligence: Advanced SQL | Python (Pandas, NumPy) | Data Visualization (Power BI, Looker) | Statistical Analysis | Forecasting | Attribution Modeling | A/B Testing & Experimentation | Customer Segmentation | Cohort & Funnel Analysis | Marketing Mix Modeling (MMM) | Incrementality Testing | Retention & Churn Analysis | LTV / CAC | Activation Metrics | Subscription Analytics | SaaS & Marketplace Metrics | Go-To-Market (GTM) Analytics

Data Engineering & Bi Tools: Snowflake | BigQuery | dbt | Analytics Engineering | Data Modeling & Semantic Layers

Marketing & Product Analytics Tools: GA4 | Google Tag Manager (Client & Server-side) | Adjust MMP | Braze CRM | HubSpot | Amplitude | Meta Ads

Advanced Analytics & Automation: LLM APIs (OpenAI / GPT) | SQL Generation with LLMs | Workflow Automation | Advanced Excel (Power Query, Pivot Models) | Google Sheets Automation

Leadership & Communication: Stakeholder Management | Data Storytelling | Git | Jira | Microsoft PowerPoint

LANGUAGES

English: Fluent | German: Basic
